**AUM Context** Foundry
BY AUM DATA LABS

# AI is hallucinating your brand.
# We are the protocol that fixes it.

You don't just store data; you dictate how AI understands your enterprise.

Zero-Retention Architecture  •  Automated Schema Injection  •  Real-Time Hallucination Defense

**\* NATIVELY BUILT FOR GENERATIVE ENGINE OPTIMIZATION (GEO)**

AUM Context Foundry ensures that your enterprise knowledge is structurally primed for the post-search era. This planetary-scale protocol guarantees that your brand's true context is always prioritized, precisely interpreted, and immediately actionable across every LLM ecosystem. Secure your narrative in the latent space.
